

Collaborating Clinicians: Occupational and Speech Therapy Using a Sensory Motor Approach

Target Participants
Occupational Therapists & Speech-Language Therapists

Course Objectives

Upon completion of the course, participants will be able to:

- ❖ Recognize arousal states and design strategies of readiness and interest for communication, interaction and relationship
- ❖ Outline the relationship between sensory processing and the development of interaction and communication skills
- ❖ Identify the significant aspect of speech sound production that relate to sensory integration, respiratory support, oral apraxia and oral motor function
- ❖ Describe the relationship between sensory processing and non-verbal communication and speech and language development

About The Trainer

Kimberly Barthel, BMR, OTR is an Author, Consultant, Occupational Therapist, and owner of Labyrinth Journeys, a company dedicated to providing professional and personal growth workshops. Kim is a Neuro-Developmental Treatment-OT Instructor and a teacher of Sensory Integration Therapy, with post-graduate study in neuro-sciences and a range of complementary healing practices.

Having authored the pediatric textbook; Evidence and Art: Merging Forces in Pediatric Therapy, Kim proficiently blends and bridges the most up to date science of connection and attachment theory with the intuitive aspect of the therapeutic process. Kim's recent professional challenges include team strategy facilitation for acute pediatric/adolescent mental health cases, and creating sustainable care strategies in a wide variety of cultures throughout the world. Kim currently lives in Victoria, BC with her husband and fourteen year old daughter.
