

Excellent Opportunity to Earn CEUs at Home with this Fascinating DVD!

INSTRUCTOR

**Kimberly Barthel,
BMR, OTR**

is a NDT-OT instructor and a neurobiologist who brilliantly blends and bridges the connection between the science of connection and the intuitive aspect of the therapeutic process.

“What we now know about the brain is changing the essence of therapeutic practice.”

*-Kimberly Barthel,
BMR, OTR*

Connections: Treatment of Sensory Processing Disorders

INTEGRATING THE NEUROBIOLOGY OF BRAIN BEHAVIOR INTO PRACTICE WITH THE PEDIATRIC POPULATION

This dynamic DVD workshop provides a current scientific review of the neurobiology of sensory processing disorders, deepening the viewers' understanding of brain-behavioral relationships in the pediatric population. Bridging evidence with therapeutic intervention, this workshop leaves viewers with strong clinical reasoning and problem solving skills, enhancing the development of sensory intervention that is applicable to any environment. The workshop includes a mixture of lecture, problem solving sessions and videotape analysis.
